Number 41 Is Held Up.

When four or five miles out of Lincoln last Saturday morning at about 1:30 o'clock No. 41 was held up and the express car robbed by three or four men who seemed to know exactly how to do it. The train was stopped by a red-light signal and the engineer and fireman compelled to uncouple the engine and express car from the train and run forward a short distance. Express Messenger Lupton during that time took the valuables out of the local safe and hid them before he was compelled to open the car. The robbers then blew the through safe open and rifled its contents. The amount they got cannot be learned as the express company refuses to state the loss. The Burlington officials have stated that it was probably not less than \$2,000, while other estimates place it in the neighborhood of \$30,000. The latter seems likely to be more nearly correct than the former, which is an extremely low estimate, for it is unlikely that the robbers would attempt a hold-up unless they had a tip that they would be well paid for the work.

The express car was injured to such an extent that the train had to return to Lincoln. None of the passengers were molested and no one was injured, not a shot being fired.

A reward of \$1,000 for each man has been offered, but it does not seem likely that they will be apprehended.

This robbery occurred at almost the same spot and much in the same manner as one which was made about a year ago, and it is likely it is the same gang who did it.

AROUND THE WORLD!

WILL BE GONE SIX MONTHS OR MORE

Rev. Dr. Horn, Exclusive Special Correspondent of the Herald Reaches Denver.—First Letter Received.

Denver, Colo., Oct. 16, 1902.

From the copper-toed-days of my boyhood, tales of travel have been the very soul of fascination to my venturesome spirit. Having read all the books on travel available within a considerable radius from my Ohio home, I sought interviews with every man I could reach who had crossed any state line, or could relate thrilling stories of adventure on the part of others. My curiosity to know more of the world was augmented by the recital of weird stories by an old Mexican soldier who visited us about the time of my graduation from the first to the second reader. His renditions produced in me a longing similar to that possessed by the poet who wrote:

"Oh for an old gray traveler
By our winter fire to be,
To tell us of each foreign shore,
Of sunny seas, and mountains hoar,
Which we can never see!"

"And O, that such old man were here,
With his wise and traveled look,
With thought like deep exhaustless springs;
And memory full of wondrous things,
Like a glorious picture book!"

As nothing short of a tour of the earth offered me any degree of satisfaction, I decided to attempt the task regardless of the expense and other difficulties which towered before me.

Consequently the successful carrying forward of my plans made it possible for me to bid farewell to Alliance at 3:40 Thursday morning, October 16, while Victor was sleeping soundly unconscious of the fact that his papa was kissing him good bye and beginning the largest undertaking in the realm of travel possible to man without embarking upon that better journey leading to a country whence no traveler returns.

The young wife evinced bravery by withstanding the avalanche of tears due to be observed on such an occasion. She was cognizant of the danger confronting me, but her noble christian life and devotion to the God she serves, long ago taught her that my trust was in the God of the Psalmist: a God which doeth all things well, though at times our short-sightedness fails to penetrate beyond the over-hanging clouds of gloom which often encompass our horizon.

"If I take the wings of the morning,
And dwell in the uttermost parts of the sea,
Even there shall thy hand lead me,
And thy right hand shall hold me."

My departure from the city with whose history I had been identified for so many years was not without sorrow. I had learned to love our "Magic City of the Prairie." The fidelity of her progressive business men to the every interest of the city deserves commendation. The praiseworthy pluck of the faithful has placed Alliance second to no other city in the western two-thirds of Nebraska; in short Alliance is without a rival along the line of the Burlington R. R. reaching from Grand Island, Nebraska, to Billings, Montana, a distance of 745 miles. And almost midway between Deadwood, S. D., and Denver, Colorado, Alliance proudly sits without a peer, and "Queen of the Plains" for 450 miles, the distance between the two larger cities, one to the north, the other to the south.

The ride into Colorado was without incident with the following exceptions: The train was two hours behind time and contained a bridal party which was forced to endure much additional pandemonium at the hands of the Alliance youths on account of the lateness of the train. Approaching Denver, the sun rising toward its meridian height darted its rays athwart the snow capped Rockies and kissed them into glistening splendor. The passengers crowd to the right side of the car to behold the majestic snow drifts piercing the very heavens with their snow crested summits. There is Pike's peak eighty miles to the southward, rising as a giant guardian of the white flock, basking in perpetual rest, with its topmost rock 14,147 feet above sea level. Yet it is not the highest of the Rocky family, there being twenty-five other peaks that rival it in height. Divorced from its grand mountain scenery, Denver takes high rank as a city. I shall not attempt to describe its numerous institutions of note, its smelters, wholesale houses, factories, colleges, churches and sanitariums. One person has named Denver the "City of Consumptives" because of the multitude of consumptives who come here for relief.

Those whose time is limited can cover this city of 150,000 souls reasonably well in a few hours' ride on the special car called "Seeing Denver," which leaves the union depot on Seventeenth street daily at 2 o'clock for the grand tour of the city.

The circuit covers twenty-five miles and the charge is twenty-five cents. A lecturer accompanies the car and points out objects of interest, giving in addition thereto, a very good description of that which is most noteworthy.

E. C. HORN.

DEATH OF MRS. BISSELL.

One of Box Butte's Pioneers Dies after a Long Illness.

After a long illness with dropsy and heart trouble, Mrs. W. A. Bissell died in this city last Sunday morning, October 12, 1902, having been brought here several weeks ago in the hope that the treatment she could receive here might benefit and perhaps cure her; but her case was beyond medical aid.

Mrs. Bissell came with her husband to Box Butte county in 1885, locating on their ranch northeast of this city, and they have been prominent people in the county's history. Mrs. Bissell was possessed of most womanly and christian graces of character, and the friends who knew and loved her were numbered only by the number of her acquaintances. She was born July 19, 1847, in Ontario, Canada, and as Miss Eliza J. Knapp was married to Mr. Bissell in 1867.

Funeral services were held at the Methodist church, of which she was a member, at 2 o'clock Monday afternoon, conducted by the pastor, Rev. Dr. Horn. A large number of friends of the family attended the last sad rites.

Besides her husband three daughters are left to mourn her death. They are Mrs. F. M. Snedeker of York, Mrs. Bradford Fenner of Dunlap, and Mrs. Harvey Allison of Lakeside. The HERALD joins their many friends throughout this section of the state in sympathy for the sorrowing family.

RECEPTION TO DR. HORN.

Many Friends Assemble to Wish a Safe and Pleasant Journey.

Tuesday evening of this week marked one of the most pleasant social functions of the season. The occasion was a farewell reception to Rev. Dr. Horn, prior to his starting on his tour around the world, and was given at the elegant home of Mr. and Mrs. W. W. Norton, the latter being assisted by Mesdames Bellwood and Lester in the reception of the nearly one hundred guests who greeted Dr. Horn, and then were presented to Rev. M. L. Sanders of the Iowa conference, who will have charge of his church during the doctor's absence.

An excellent musical and literary program was rendered, after which Mr. Alex. Muirhead in a few well chosen words spoke of the high esteem in which Dr. Horn is held and of the appreciation of the work he has accomplished here, and bore to him the united wishes of the assemblage for a pleasant and prosperous journey and safe return.

Light refreshments were served and after spending a social hour together the guests dispersed. Just before the good-byes were said the company joined in singing the hymn "God Be With You Till We Meet Again," which so perfectly voiced the prayers of Dr. Horn's friends and congregation.

Obituary.

Leslie W. Nason, a son of Mr. and Mrs. M. P. Nason, living about twelve miles northeast of the city, died Monday afternoon from congestion of the brain, the result of a run of typhoid fever. He was born in Eaton, N. H., February 25, 1871, but had spent the most of his life here, his father being one of the early settlers of the county, and he was well known and well thought of. He was a member of the Methodist church and left the splendid testimony that he was ready for his transition. Funeral services were held at his late home at 10 o'clock Wednesday morning, conducted by Rev. Dr. Horn, friends from Alliance furnishing the music for the service. The young man's parents and two brothers are left to mourn his death. They have the sympathy of the many friends who have long known them and the worthy son and brother in this hour of sorrow.

Hymenaeal.

Wednesday evening, October 15, 1902, at the home of the bride's parents, Mr. Gregg Otis Davis and Miss Laura Belle Snyder were joined in marriage by Rev. Dr. E. C. Horn. The bride is the daughter of Mr. and Mrs. W. H. Snyder. Mr. Davis is one of the barbers in Hoyt's shop. The young man's mother, Mrs. Davis, of Weeping Water, came up to attend the wedding.

Another wedding, announcement of which had previously been made, that of Mr. Stanley Ray and Miss Florence Standen, took place Wednesday evening at St. Matthew's Episcopal church, the rector, Rev. George Bernard Clark, officiating. A large number of friends were present to witness the ceremony. Mr. Ray is city editor of the Pioneer Grip and an exemplary young man, while Miss Standen is a popular young lady of this city.

Cattle Wanted to Winter.

I am prepared to winter about forty head of cattle on my ranch near Dunlap. Plenty of feed and water and best of care.

W. HAINZ, Dunlap, Neb.

The Uncle Tom's Cabin show will be here tomorrow evening.

Judge Berry left Tuesday for the sand hills to do some surveying.

Mat. Brennan accompanied C. A. Newberry on his trip to Channing, Texas.

Harry Thieble of Mekiney's pharmacy went to Omaha Wednesday for a short visit.

Uncle Zeke Mabin drove down from Nonpareil today to transact business matters at the court house.

FOR SALE—A dozen young thoroughbred Plymouth Rock roosters at 50c each. Inquire at the HERALD office.

Jules Zbinden enjoyed a visit from his brother Arnold and family the first of the week while on their way to Seattle.

Charlie Brennan is one of the happiest men in town, made so by the arrival of a ten-pound girl at his home yesterday.

Rev. R. Moser of Trinidad, Col., will occupy the Baptist pulpit next Sunday morning. In the evening a "harvest home" program will be rendered by the Sunday School.

Regular services at the M. E. church next Sunday, Rev. M. L. Sanders, pastor: Morning subject, "An Ideal Purpose;" evening, "Unreasonable Weapons." The public is invited.

Rev. G. C. Jeffers went to Canton Monday to conduct special services in the Baptist church there for three evenings, returning yesterday. He reports excellent meetings and a very large attendance.

The HERALD is a day late this week on account of the failure of the railroad company to get our paper here until late Friday night. We shall use our best endeavors to prevent a recurrence of this exasperating delay.

Miss Anna Wills went to Denver this morning to visit her sister, Mrs. Messer. She will take civil service examination while there. A Mr. Spencer from Norfolk takes her position with the Alliance Shoe store.

This morning's papers report the coal strike to be ended, the miners and operators having agreed to have their difficulties settled by a board of arbitration and the miners having agreed to resume work immediately.

Mrs. Z. Condon and daughter, Miss Grace, arrived Tuesday from a sojourn of two years in Los Angeles, California. They enjoyed the time spent there and may decide to return there after visiting relatives in Dawes county. They were the guests of the O'Keefe family this week.

Captain W. R. Akers left Monday night for Ottumwa, Iowa, where he will attend a reunion of his old regiment, the Seventh Iowa infantry. The captain says his regiment was the one that was in the thickest of the fight during the battle of Belmont, where General Grant's services first won distinction.

Fred Abley and son Emory were down from Nonpareil precinct Wednesday and while here acquired title to 480 acres of land, Emory purchasing 320 acres and his father the balance. Emory has been nominated for assessor by the fusionists in Nonpareil and there is no doubt as to his election.

Mr. and Mrs. Thomas Beck left Sunday for a trip to St. Joseph and Lincoln. At the former place they will visit Mrs. Beck's daughter, Miss Elsie Darling, who is attending school there. At Lincoln Mr. Beck will attend the grand lodge meeting of the I. O. O. F. as delegate from the Alliance lodge.

Dr. Horn left Thursday morning on his Around-the-World tour. He goes by way of Denver, Salt Lake, San Francisco, Vancouver, B. C., thence to Japan. The doctor stated that he will probably be gone six to seven months, and he will endeavor to have a letter for each issue after he reaches Japan. His first letter will probably appear next week.

The HERALD would indeed be ungrateful if it did not appreciate the patronage and favors that are being extended by a great many republicans of Alliance as well as throughout the country precincts. None of them have any use for the paper politically but they know just where it stands, and they like its news service. They like it particularly in that they can rely upon what it says. Yes, gentlemen, we appreciate your friendship and are ever ready to reciprocate in any other than a political way.

While Elmer Landis was sitting in the Hila Grand Saturday night he glanced at the advertising case and saw the name of J. E. Joder. Remembering that a schoolmate of that name had come west years ago he inquired from the writer if we knew where Joder was from, and being told that he formerly lived at Bloomington, Ill., Mr. Landis went up to the store and introduced himself to his former schoolmate, and it is unnecessary to state that the meeting was a very pleasant one. Mr. Landis is a telegraph operator and was en route to Denver.

Shooting Possibly Intentional.

The remains of Harvey Mason, the colored boy shot at Crawford last week, were brought here by his uncle, Mr. Murphy of this city, for funeral services and burial, the same taking place last Saturday from George Darling's undertaking rooms. There are two theories regarding the shooting of young Mason. The negro woman who shot him claims it to be accidental and says she did not know Mason. Two soldiers were in the room at the time the shooting occurred and so far as appearances go it seemed to have been accidental. But there is another story to the effect that the woman had known him, and that she killed him because she had tried and failed to win him. Mr. Murphy is having the affair closely investigated, and if any grounds for belief that the shooting was intentional are discovered he will have the case prosecuted.
